

# Workshop Programme 2018

## Terms 2 & 3

Venues to be confirmed on registration.

Term 2		
<p><b>PCTs: Running a great reading programme</b> - A hands-on session where participants will have the opportunity to build knowledge, put it into practice and reflect on how to manage an effective reading programme.</p> <p style="text-align: right;"><b>9.30am - 3.00pm \$245</b></p>		Wellington Wed 16 May
<p><b>Teacher Aides and SENCOs: Reading and writing</b> - Learn how to get your students reading and writing with purpose and understanding across the curriculum. Your role is essential to literacy learning success in the classroom – learn how to best support your students.</p> <p style="text-align: right;"><b>9.30am - 12.30pm \$125</b></p>		Wellington Thurs 17 May Hutt Valley Wed 23 May
<p><b>PCTs: Just in time learning: accelerating students who are falling behind</b> Come to this workshop and explore strategies to accelerate (forward) rather than just revise (backward), build student motivation &amp; agency, encourage perseverance, fill skill gaps within the context of new learning and improve vocabulary.</p> <p style="text-align: right;"><b>9.30am - 12.30pm \$125</b></p>		Wellington Thurs 24 May
<p><b>PCTs: Written Language</b> - Learn great strategies and reflect on how you teach written language. We will look at the essentials of a good written language programme, expectations of achievement at the different levels and explore ideas on how to support the diverse needs of your learners.</p> <p style="text-align: right;"><b>9.30am - 3.00pm \$245</b></p>		Palmerston North Wed 6 June Wellington Thurs 7 June
<p><b>Teacher Aides and SENCOs: Behaviour Management</b> – finding the behaviour of some of your students a challenge? Come to this workshop, share with other TAs and learn how to diagnose the reasons behind challenging behaviour and use this understanding to manage it with a wide range of practical and effective strategies.</p> <p style="text-align: right;"><b>9.30am - 12.30pm \$125</b></p>		Wellington Wed 13 June Hutt Valley Thurs 14 June
<p><b>Difficult Conversations and Mediation</b> – Face the challenges of communication in contexts of conflict with confidence. Participants will be trained to use a model of authentic communication to reframe situations of conflict. The course will be practical involving discussion and role plays.</p> <p style="text-align: right;"><b>9.30am - 12.30pm \$125</b></p>		Wellington Wed 20 June
Term 3		
<p><b>PCTs: Numeracy</b> - Start with big picture ideas about the Number Framework and look at proven teaching strategies, lots of games, activities, practical ideas about assessment and grouping for instruction and developing the language of mathematics.</p> <p style="text-align: right;"><b>9.30am - 3.00pm \$245</b></p>		Palmerston North Wed 1 August Wellington Wed 8 August
<p><b>Written Language (Years 3 - 8) REFRESHER</b> - Participants will have the opportunity to build their knowledge, learn about some great strategies and reflect on how they teach written language. We will look at the research based essentials of a good written language programme, expectations of achievement at the different levels and explore ideas on how to support the diverse needs of your learners.</p> <p style="text-align: right;"><b>9.30am - 12.30pm \$125</b></p>		Palmerston North Thurs 2 August Wellington Thurs 9 August
<p><b>Teacher Aides and SENCOs: Supporting English Language Learners</b> - Are you working with students who are learning English as a second language? Not sure about how to really engage them? This workshop will explore practical ways to support English Language Learners and to understand the importance of oral language as a foundation for fluency in speaking, reading and writing English. We will also focus on what it means to come from a different cultural background and how awareness of this can assist us in our work with these students.</p> <p style="text-align: right;"><b>9.30am - 12.30pm \$125</b></p>		Wellington Wed 15 August Hutt Valley Thurs 16 August
<p><b>PCTs: Maths Strands</b> - Strand knowledge is part of NZC Mathematics. It provides depth of understanding and a context in which to use knowledge and strategies about number. At this workshop we focus on geometry, measurement and statistics and how to include them in your mathematics programme. This is a hands-on session where participants will have the opportunity to build their knowledge about effective mathematics strands programmes.</p> <p style="text-align: right;"><b>9.30am - 3.00pm \$245</b></p>		Palmerston North Wed 29 August Wellington Thurs 30 August
